Fake news, false prophets, false teaching and paid actors on Youtube <http://www.carlg.org/enggod115.html> There are many paid actors on Youtube. People that are paid to speak deception and to act as christians or whistleblowers to mislead and betray the people of God. They do it for money. They are many. I expose them here, plus greedy pastors who only preach for money. Their big agenda now is to create acceptance for the evil mark of the beast and to even get Christians to accept it. The mark of the beast 666 is here now. Text and photo: Carl Grinde Date: March 2 2018 Text also shared from linked pages Updated July 17 2018 Be selective when you surf Be very selective when you surf the internet. All "christian content" is not made by true christians. Moreover, many christian pastors are false christians, they don't truly know Jesus Christ. Be smart or be misled. Some people are under mindcontrol, they don't even understand that they are tools for the ruling elite - the illuminati. Continuous psy-ops and false flag operations is an important way for the illuminati to push the agenda for a global police state. Hoaxes, lies and psy-ops in mainstream media First, some info here about how the big news channels deliberately produce false news about terror. Psyop stands for psychological operations and the purpose is brainwashing, making us believe in news that is fake. The fake terror creates fear, suspicion and, in the long run, a prejudice society where all those who deviate may be seen as a terrorist, a potential threat. fake shooting psyo santa barbara shooting hoax Santa Barbara Shooting Hoax Actor Richard Martinez EXPOSED!!! charleston shooting hoax crisis actors lax shooting hoax Paris Bataclan shooting hoax Paris attack hoax Orlando Shooting Psyop The Gazette fake shooting, media hoax It's just another fake shooting. It's not real. gazette shooting official story gazette shooting fake hoax Widow's first comment on live TV about how she feels about her dead husband: Wow, I'm gonna speak of.. of (ff) fundamental, the weather. Watch at the end at 9:29 "real stories about real people" ..yes, it's real fake news. https://www.youtube.com/watch?v=Qd_tD6uIW8c The foundations of the Anti-christ reign Economical - all physical cash abolished and replaced with microchip implants - the evil mark of the beast, 666. Political - Our traditional political systems with elected politicians chosen via paper forms (paper in your hand under your control where the votes is counted by real humans) replaced by electronic voting and much of the country's administration are automated through the system of microchip implants. All these electronic systems controlled by the ruling elite and global corporations such as Rothschild, Reuters, Lazard, Warburg, Solomon, Goldman Sachs for their benefit. Spiritual, religious - Fundamental evangelical Christianity strictly forbidden. Only liberal, modern, wicked, ungodly christianity will be legal (for a while). There will be New Age religion blend-religion/illuminati, Paganism, Buddhism, Masonic esoteric beliefs, occultism, spiritism, satanism. Cultural/ Social - All Cultural and social activity will be initiated or administrated and directed through the internet, social media, via Wi-Fi, smart phones, people even communicating via neuro implants, brain-computer interfaces, peoples minds connected directly to the internet. World police/ world army One big united world army/ world police with their cruel presence everywhere. An iron fist that rules with cruelty and evil. All suspicious behavior is punished immediately - in public. Peoples brains and thoughts monitored all hours to prevent hostility and terror. They way to antichrist's kingdom How will the beast system be accomplished? By deception. And by internet dependency - slavery. People are trusting digital media fully, even though it's easy to manipulate. Non of the big digital platforms are independent, that's a quote from a friend of mine that is a professional high paid programmer. We are adapting our lives to the internet. There is, as we know, a lot of content about the Bible, God and Jesus Christ on the internet, and of course we should use that. But everything that seems to be Christian content is not. There is a lot of content on the internet that is used to tricking and deceiving people from a genuine relation with God and instead making us completely dependent on the internet for our spiritual well-being, in our relationships with others and also as means of payment, etc. The deception starts right here!
